TRANSLATIONAL BIOLOGY, MEDICINE, & HEALTH

# 10 YEAR CELEBRATION TBMH ALUMNI SYMPOSIUM

The Translational Biology, Medicine, & Health (TBMH) graduate program allows students to explore research through a variety of disciplines, while also understanding how to move their work along the scientific translational spectrum: from lab bench to public health.

Saturday, August 24th 2024

9.00 AM - 3.30 PM

### Morning

## THE SPEAKER LINEUP

### Ubadah Sabbagh

TBMH '21  
Neuroscientist  
MIT

### Rebecca Brock

TBMH '20  
Scientist I in Process  
and Assay Development  
Immatics US

### Meghna Verma

TBMH '19  
Associate Director in  
Systems Medicine  
AstraZeneca

### Rachel Padget

TBMH '22  
Fellow  
Cytokinetics, Inc.

### William A. Mills III

TBMH '21  
Fellow  
University of Virginia

### Kisha Greer

TBMH '19  
Science Content  
Strategist  
Syneos Health
